MEMORANDUM FOR: Acting Deputy Director (Administration)

SUBJECT : Payment of Travel Expenses of Members of the  
Family of Agency Employees

1. I have discussed the attached in great length with Mr. Hamilton, Bureau of the Budget, who in turn, discussed it with those in the Bureau who have made various studies of personnel problems on an overall government basis. He states that this particular subject was not covered in any studies made by the Bureau but that they believed that what CIA was trying to accomplish had merit.

2. Mr. Hamilton further stated that Mr. Hull of the Department of State had informed him that exceptions in some cases were made to State Department regulations and suggested that we discuss the matter with him.
